### **Becoming A Single Parent The**

A single parent is a person who lives with a child or children and who does not have a wife, husband or live-in partner. A single parent may have either sole custody of the child or joint physical custody, where the child lives part-time with each parent. Reasons for becoming a single parent include divorce, break-up, abandonment, death of the other parent, childbirth by a single woman or ...

Foster care is a temporary situation where you care for a child who cannot safely remain at home. As a foster parent you need to keep in mind that the primary goal is for the child in your home to return to their own home, so you will be expected to support this goal (which is also known as a case plan goal) of reunification.

False: Although children need to be nurtured and cared for, fostering is a lot more complex than raising our own children. The children and teens in our care have often experienced trauma and because of this, they require a more complex model of caregiving. The best foster parents really "get it" when it comes to the situations and life experiences of our children - even if they can't ...

Nowadays, it is just as common for children to be in a single-parent family than a traditional two-parent family. Due to divorce rate, delays in marriage, and those shunning the institution of marriage altogether, single-parent families are becoming increasingly popular. There are many advantages and disadvantages for children of single parents.
