A shower is a place in which a person bathes under a spray of typically warm or hot water. Indoors, there is a drain in the floor. Most showers have temperature, spray pressure and adjustable showerhead nozzle. The simplest showers have a swivelling nozzle aiming down on the user, while more complex showers have a showerhead connected to a hose that has a mounting bracket.

Inside, the theatre must have been even more impressive when the three tiers of seats were filled with all sections of the populace. Encircling the arena was a wide marble terrace (podium) protected by a wall within which were the prestigious ring-side seats or boxes from where the Emperor and other dignitaries would watch the events. Beyond this area, marble seats were divided into zones ...
