Introduction: Truly a tree for all seasons, sourwood is one of our most beautiful natives and is ideal as a small specimen tree. It has lovely flowers that open in mid-summer, excellent fall color, and hanging racemes of fruit capsules in the winter. Sourwood offers some of the best fall color among trees in the South, and has the best red of any of our natives.

Purple leaf plum is a medium-sized deciduous tree that is a popular showcase plant in landscapes. It is planted most often because of its deep reddish-purple leaves and white to pale pink flowers which are among the first to appear in spring. Although it is short-lived compared to other trees, it grows fast and is great for use as a specimen, street, or shade tree.
