This year, I've had such lovely opportunities to move beyond my own hills and talk about math, teaching, West Virginia, public education. Last spring, The Biden Foundation reached out for a blog post from a WV teacher.. This fall, I sat at the unbelievably large NCTM table, beginning the planning process to celebrate 100 years of an organization dedicated to improving math teaching.

Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios. It contrasts with traditional education, which generally relies on the teacher presenting facts and his or her knowledge about the subject. Inquiry-based Learning is often assisted by a facilitator rather than a lecturer.

Angela was angry—even now, when I listen to the audio recording, I can hear the bitterness in her voice. We sat in the conference room of the public library near her home, where we had met for a formal interview, and she detailed the reasons for her anger, starting right in even before I had turned on the recorder, such ...
