### **The One Percent Solution**

The one-state solution, sometimes also called a bi-national state, is a proposed approach to resolving the Israeli-Palestinian conflict.. Proponents of a unified Israel advocate a single state in Israel, the West Bank and the Gaza Strip, with citizenship and equal rights in the combined entity for all inhabitants of all three territories, without regard to ethnicity or religion.

Reduced Food Waste. Project Drawdown defines reduced food waste as: minimizing food loss and wastage from all stages of production, distribution, retail, and consumption.This solution replaces current reported trends in food waste by region. Estimates suggest that 30–40 percent of all food produced worldwide is wasted across the supply chain (Smith, P. et al., 2014).

In my humble opinion, hydrogen peroxide is one of the the more underrated items in any natural cleaning toolkit. You can use it to disinfect, sanitize, and deodorize hundreds of surfaces and items around your home. Hydrogen peroxide is a powerful oxidizer, making it useful for whitening and bleaching things, too.

Getting to the 'How' of Tackling Deforestation. With the deadline fast approaching towards 2020 - the date by which hundreds of companies have committed to reduce tropical deforestation associated with the sourcing of commodities such as palm oil, soy, beef, and paper and pulp - many admit that knowing what must be done and then actually doing it, is a gap.

Our modified California State Standard: Students know how to calculate the concentration of a solute in terms of molarity, percent composition and parts per million.. Molarity describes the concentration of a solution in moles of solute divided by liters of solution. Masses of solute must first be converted to moles using the molar mass of the solute. This is the most widely used unit for ...

Don't paint over or caulk a moldy surface. This is a band-aid treatment, and an ineffective one at that. Surfaces such as walls or tiles that have been painted or caulked over won't take paint or caulk very well; paint or caulk will simply peel off because it doesn't have a clean surface to adhere to.
