The most interesting thing about a scorpion is the sting in its curving tail. Without that deadly stinger, it would be a fairly innocuous little creature. It's very interesting to see how the scorpion's sting is represented in various scorpion tattoos. Some incorporate what appears to be a small exploding bomb at the end of the scorpion's tail.

MYTH . In Greek mythology, the constellation Scorpis was identified with the scorpion that killed Orion, the mythical hunter. The two constellations lie opposite each other in the sky, and Orion is said to be fleeing from the scorpion as it sets just as Scorpis rises.. In one version of the myth, Orion tried to ravish the goddess Artemis and she sent the scorpion to kill him.
