In the early 1970s, a secular opposition movement to groups considered cults had taken shape. The organizations that formed the secular "anti-cult movement" (ACM) often acted on behalf of relatives of "cult" converts who did not believe their loved ones could have altered their lives so drastically by their own free will. A few psychologists and sociologists working in this field suggested that ...

Role of discipline in religious groups: Much of the propaganda of the anti-cult movement is based on a misunderstanding of the role of discipline within high-demand religious groups. For centuries, such groups have required their members to submit to a restricted diet, work hard, spend hours in repetitive prayers, live a very simple life without luxuries, conform to the rules of the group ...

In this you greatly rejoice, though now for a little while you may have had to suffer grief in all kinds of trials. These have come so that your faith—of greater worth than gold, which perishes even though refined by fire—may be proved genuine and may result in praise, glory and honor when Jesus Christ is revealed.

There is a constant need for us to question our own beliefs, and the beliefs of those around us. It creates a healthy atmosphere of skepticism and intelligence, and prevents people from coming to unreasonable conclusions. The way our brains work means that we frequently misinterpret events and data, and in particular, we always think there is more rationality and evidence for our beliefs than ...

The Acts of the Apostles is the second book written by St. Luke and serves as a sequel to his Gospel. Acts follows the Gospel of St. John and precedes the Letter of St. Paul to the Romans in the New Testament of the Bible. Luke was the only Gentile writer of the New Testament (Colossians 4:10-14). He was a companion of Paul and reflected Paul, who saw the risen Christ.
