1. Introduction. Over the past two centuries, medical innovation has dramatically changed the way we manage, treat and perceive disease (Brodsky, 2010).Consequently, it has been through appropriate technology development that clinicians, engineers, and scientists have enabled millions to live longer and, to a certain extent, healthier lives (Fuchs and Sox, 2001, Grimes, 1993).

Mergers and acquisitions (M&A) are transactions in which the ownership of companies, other business organizations, or their operating units are transferred or consolidated with other entities. As an aspect of strategic management, M&A can allow enterprises to grow or downsize, and change the nature of their business or competitive position.. From a legal point of view, a merger is a legal ...
