

*Ethnicity And International Law Histories Politics And Practices*

### **Ethnicity And International Law Histories**

An ethnic group, or an ethnicity, is a category of people who identify with each other based on similarities such as common ancestry, language, history, society, culture or nation. Ethnicity is usually an inherited status based on the society in which one lives. Membership of an ethnic group tends to be defined by a shared cultural heritage, ancestry, origin myth, history, homeland, language ...

Racism is the belief in the superiority of one race over another, which often results in discrimination and prejudice towards people based on their race or ethnicity. The use of the term "racism" does not easily fall under a single definition. The ideology underlying racism often includes the idea that humans can be subdivided into distinct groups that are different due to their social behavior ...

International relations scholarship prior to World War I was conducted primarily in two loosely

organized branches of learning: diplomatic history and international law. Involving meticulous archival and other primary-source research, diplomatic history emphasized the uniqueness of international events and the methods of diplomacy as it was actually conducted.
