Although I believe every Virtual Assistant should have a niche, I know it's not always quite that easy. Having a specialised area of expertise certainly makes you known as the 'go-to' person and leads to more work, but when you first start out how on earth do you decide what your VA niche should even be?

How to Choose Your Virtual Assistant Niche - The VA Handbook

A differentiated marketing strategy is an approach to target marketing where a company markets to multiple market segments using distinct market mixes for each one. This is one of three approaches and is common when a company believes it has unique benefits that would appeal to different markets.
